

Do you have a car and the drive to help neighbors?

And do you have an hour to spare? Here in the Hudson Valley, one in ten neighbors goes hungry while 40% of food is wasted. FeedHV is a **food rescue network** for feeding more and wasting less.

FeedHV volunteers transport **food donations** (from farms, restaurants and more) to **feeding agencies** (such as food pantries and soup kitchens) – on their own schedule. It's a low commitment and highly rewarding experience.

Sign up today at **FeedHV.org** to move food and reduce waste! Questions? Contact Carrie Jones Ross at info@feedhv.org or 518-432-5360 ext. 402.
